WizKids Pirates CSG - Sealed Pack and Hot Card Price Analysis, Jan-Sept 2021
by Matt Puccio, matt@gladius-games.com
Using data from eBay Sold Auctions (or BIN) from 1/1/21 through 9/27/2021. YTD through 9/27
Be wary of prices where the number of sales is low, especially if $\mathrm{N}=1$. This simply isn't enough data to set a valid price.

*Methodology: Using ebay sold prices. Where a Best Offer sale was made, I used the listed price minus $10 \%$, since the BO price is not readily available.
${ }^{*}$ For booster pack lots, I weighted the total average price of the booster pack by the number of packs sold (e.g., if one lot of 9 packs sold for $\$ 30$, and one single pack sold for $\$ 10$, the average is $\$ 40 / 10=\$ 4$ )
*I did not count any mixed lots - e.g., if a Zeus sold in a lot of other ships, or someone sold a lot of 5 DJC with 5 BC boosters, I didn't include any data for it.
*For the big-value cards, I included both punched and unpunched card prices, although the vast majority sold were unpunched
